Good News From Utali.

The recently acquired ascendency of the Gentiles in Territorial politics has een marked by enlightened legislation. been marked by enlightened legislation.
Utah is an agricultural region, and, in addition to the laws providing bounties for the products of hemp and sugar, the Legislature has offered bounties for the destruction of wild animals, passed a bill improving the cattle laws of the Territory, lowered the legal rate of interest upon mortgages and notes of hand, and has, though not without the aid of the Governor's veto, abandoned the dangerous policy of taxing those mines whose operatives make a home market for farm products. The legislation for morals and education shows as decided improvement upon the old

of Utah. The school tax receipts hence-forth will be more equitably raised and distributed, an act for the better govern-ment of towns and cities has been pass-ed, and Congress has been requested to appropriate ten miles square for a pub-lic park, which before long will be used in part as a great reservoir from which water can be obtained in seasons of the most extreme drampt. Legal provision most extreme draught. Legal provision has been made for granting rights of way for water flumes for purposes of mining and irrigating.

Our National Hymn.

French musicians have decided "Hall clumbia" to be the real national hymn of America. They consider it the most dignified of our national tunes, and that is true enough, for "America" is bor-rowed from England. "Yankee Doodle" is English, and a trivial affair to boot, while "The Star-Spangled Banner" was a drinking-song originally—also English.

SAPOLIO is one of the best known city luxuries and each time a cake is used an hour is saved. On floors, tables and painted work it acts like a charm. For scouring pots, pans and metals it has no equal. If your store-kooper does not keep it you should insist upon his doing so, as it always gives satisfaction and its immense sale all over the United States makes it an almost necessary article to any well supplied store. Everything shines after its use, and even the children delight in using it in their attempts to help around the house.
